

# Bugglepuffs and the Magic Key

## Homemade Flubber

- What you'll need:
- 3/4 cup cold water
  - 1 cup Elmer's glue
  - liquid food coloring
  - 1/2 cup hot water
  - 1 teaspoon borax (you can find this in a box in the laundry aisle)

### Directions:

- Step 1: In your first bowl, mix together the cold water, glue, and food coloring, then set it aside.
- Step 2: In your second bowl, mix together the hot water and borax, until the borax is completely dissolved.
- Step 3: Slowly add the glue mixture to the borax mixture. Give it a good mix and then pour off the excess water.
